Chatty Maths!

SERIOUSLY FUN GAMES AND PUZZLES WORKSHOPS

FOR MUSEUMS, GALLERIES AND EMPLOYERS

Money Matters

Hands-on financial literacy workshops where children trade, budget, set prices and talk their way to real money confidence.

Ages 7–11 · Groups of up to 12 · All materials provided

chattymaths.co.uk · 07854 023 534

☆ ICAP quality assured

WHY HOST CHATTY MATHS?

Money confidence starts early

Children see money everywhere, but rarely get the chance to handle it, trade it or make decisions with it. Chatty Maths workshops turn budgeting, pricing, profit and supply and demand into games children can't stop talking about.

For museums

Ready-made family programming for half-terms and holidays, with learning that ties naturally into trade, money and economic history collections.

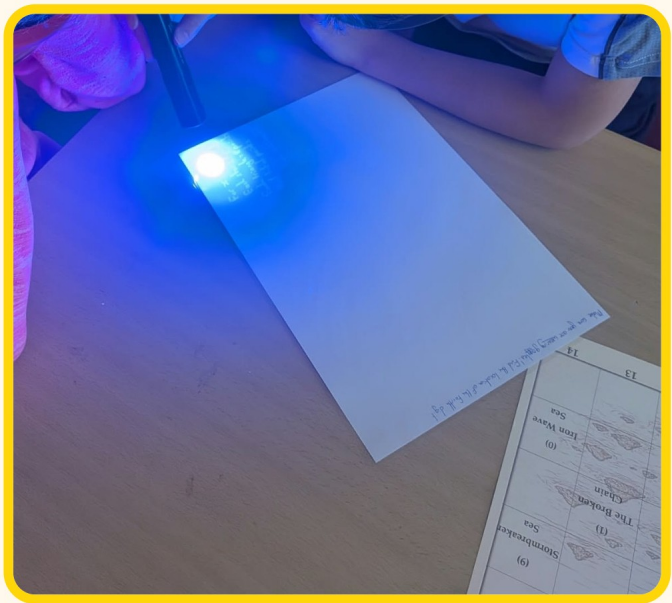

For employers

A holiday-club day or family event for staff's children that working parents genuinely value – and a natural fit for organisations in finance.

For venues

Fill quieter weekday and holiday space with a quality-assured programme that brings new families through your doors.

The Chatty Maths way

Talk first. Children reason out loud, explain their thinking and learn from each other.

Hands on. Real resources to trade, build and handle – never worksheets.

Seriously fun. Games, challenges and a little friendly competition.

Real maths. Ratio, fractions, percentages and problem-solving, all linked to the curriculum.

THE WORKSHOPS

Six ways to talk money

Each workshop lasts up to an hour and is led by a qualified, experienced teacher.

INVESTING · LOANS

CHILDREN'S FAVOURITE

Stock Market Master

A team stock market game. When to invest, when to borrow and when to hold your nerve.

BIDDING · BUDGETING

The Great Masterpiece Auction

Bid for famous works of art in a mock auction – without blowing the budget.

SAVING · RISK

Super Saver Showdown

A team strategy game weighing up saving, investing and risk.

MORTGAGES · RENT · INSURANCE

Property Tycoon

Teams build a property portfolio and get to grips with mortgages, rent and insurance.

BUYING · SELLING · TRADING

Trading Rainbows

Buy, sell and trade colours to complete a full rainbow set.

BUDGETS · EARNINGS · AREA

Ultimate Theme Park Blueprint

Design the highest-earning theme park possible within a set space and budget.

Also available: budget-build challenges – 1000 Gram Gauntlet, Skyscraper Challenge, Lego House Constructor and Lego Island Adventure – plus Pizza Trader.

Choose your format

6

The Full Day

All six workshops in one day of around six hours. A complete money adventure for one group.

3

The Half Day

Three workshops, morning or afternoon. Ideal for a family event or a shorter holiday club.

1×

On Repeat

One workshop – try Stock Market Master – run several times through the day for new groups. Perfect for museum family days.

Working together

You book us: a fee for the day, places offered to your visitors or staff

You host, we sell: your space, our bookings and promotion

Partner pricing: add your own margin on top of our rate

Pricing on request

What we need from you

A room with tables and chairs for up to 12 children aged 7–11, per group. We bring every resource, and can run on weekdays, weekends and school holidays.

Ideally: presentation equipment, such as a screen or projector we can plug a laptop into. Not essential, but handy if you have your own.

Let's talk!

I'd love to bring Money Matters to your organisation. Call or email to talk through dates and formats.
